

# Data Solutions & Technology Incorporated

## AVIATION MANAGEMENT SUPPORT

Data Solutions and Technology (DST) Incorporated offers cost effective and innovative solutions that leverage decades of extensive experience by a team of aviation professionals. These professionals are experienced in Air Traffic, Airspace Redesign, and Training. DST incorporates the most current technical, operational, and managerial solutions that provide an approach aligned with the Federal Aviation Administration's (FAA) goals to modernize the National Airspace System.

## MISSION STATEMENT

To provide a full spectrum of professional services in Information Technology, Aviation Management, Logistics & Operations, Management Support, and Scientific & Technology Support that result in cost-effective solutions of strategic value to our customers and a rewarding work environment for our greatest assets, our employees.

## CORPORATE PROFILE

- Founded 1994
- ISO 9001:2008 Certified
- CMMI-SVC Maturity Level 3
- Top Secret Facility Clearance
- Veteran-Owned, Woman-Owned Business
- Over 100 Contracts and Major Task Efforts
- Over 250 CONUS and OCONUS Employees

## DST'S AVIATION MANAGEMENT DIVISION IS COMPRISED OF FOUR AREAS

- Airspace Redesign
- Air Traffic Control Staffing
- Air Traffic Controller Training
- Safety Management System Training

## AIR SPACE REDESIGN

DST's airspace redesign uses modeling tools to support:

- Airspace Modeling, Simulation and Analyses
- Airspace Planning and Procedural Development

## AIR TRAFFIC CONTROL STAFFING

DST has highly skilled, experienced professionals who are capable of supplementing the staffing of any air traffic facility in the world.

- Certified Weather Observers
- Facility Quality Assurance Managers
- Airspace and Procedure Managers/Specialists

## AIR TRAFFIC CONTROLLER TRAINING

DST has a very strong technical ability and agility for modernization of training requirements. Our web-based training uses virtual world applications and voice recognition technology to increase efficiency and reduce instructor involvement.

- Simulation Training
- International Training
- Air Traffic Controller Training
- Computer Based Training (CBT)
- Traffic/Flow Management Training
- College Training Initiative (CTI) Program
- International Training and Equipment Upgrade

## SAFETY MANAGEMENT SYSTEM TRAINING

DST offers a comprehensive training program that covers the mandatory curriculum items required by the Federal Aviation Administration (FAA). DST provides SMS training to the Department of Defense, aviation industry employees, airport operators, repair station personnel, ATC facilities, air carriers, charter and corporate operations and maintenance staff.
